CHARLES H. PRICE II
AMBASSADOR OF THE UNITED STATES OF AMERICA
LONDON

Dear Prime Minister,

It was a real delight to be your guest a cheques this past weekend and to enjoy such a relaxing and informative time. The intimate dinner with a few close friends was very special.

As he does on each occasion I thought Bud's radiant on the

Summit was superb. He
is a great credit to our
country and the President.
How much longer he can stand
the pace is open to question.

Carol joins in sending
you and Dums our warm
personal regards and very
best wishes always.

Sincerely,
Ephraim

Dear Prime Minister,

It was a marvelous treat for Phemie and me to dine and spend the night at Chequers. You and Denis are such warm and caring hosts making us all feel so at home and comfortable. I know the St. Farelards enjoyed it as much as we did.

Your dinner party was such fun —

nearly like a family party with nearly everyone knowing everyone else so well.

I do not know how you do it - work so intensely all week and then continue nearly at the same pace all weekend and not show your tiredness you surely must feel. I hope Denis's cold is much better!

Charlie joins me in not only thanking you for your very gracious hospitality but your many gestures of friendship. We are very grateful.

Love to you both, Carol
