

10/12

Dear Margaret,

Sylvia and I want to thank you very warmly for allowing us to be included in the historic 250th anniversary dinner at No 10 last Wednesday. It was an unforgettable occasion, & your speech was the best of the evening - better, but not too much better, than the Queen's (hers was not really regal enough, not quite humorous enough if it was meant to be light!). The wine & food were really memorable. Everyone enjoyed themselves hugely. Many thanks
as ever Michael
