CHARLES H. PRICE II

AMBASSADOR OF THE UNITED STATES OF AMERICA
LONDON

Dear Prime Minister,

I have wanted to call you to express my dismay over the problem you are confronted with on the Westland's affair. More importantly, while there is understandable silence on the part of the Embassy, we are enthusiastically cheering for you on the sidelines.

I told our friend the President,
that what had started out as a
rather routine financial restructuring
had turned into a political fiasco
of absurd proportions.

All the best to you and
Doris. Love behind you every
mile of the way.

Sincerely,
Charlie
